

Access Activate Class Product Page

Step 1
Click **Manage Classes**.

Note: You can also activate products as you create new classes.

Step 2
Click **Activate Class Products**.

The Activate Products Tool

Use the **Activate Products** tool to activate one or more products available for teachers to use in their classes.

Activate Your Products in Three Steps:

- 1 Search for one or more products to activate. You must select at least one subject, or enter either a product name or an ISBN, and then click **Search**. You can update the filters at any time.
- 2 Select at least one product to activate.
- 3 Click **Activate**. Optionally, choose one or more classes to activate your selected products to.

Note: Some products require you to accept Knewton Terms and Conditions before you can activate them. For more information, click **Help**.

Search for Products to Activate

The screenshot shows the 'Activate Products' page on the Holt McDougal Online website. The page has a blue header with the Holt McDougal Online logo and navigation links (Home, Help, Log Out). On the left is a 'My Account' sidebar. The main content area is titled 'Activate Products' and includes a sub-header 'To begin using Holt McDougal Online, find the products you want to use.' Below this is a section '1. Find One or More Available Products:' with the instruction 'Select at least one subject to begin your search.' There are checkboxes for subjects: All, Language Arts (checked), Mathematics, World Languages, Social Studies, and Science and Health. Below the checkboxes is a text input field for 'Product Name' with the value 'Collections' and a 'Search an ISBN' link. A 'Search' button is located to the right of the input field. On the right side of the page is a 'Learning Management' sidebar with various links.

Step 1
Filter your search by subject

Step 2
Filter your search by product title or partial product title.

Step 3
Click **Search**.

Note: You must select at least one subject or enter either a product name or an ISBN, and then click **Search**.

Select Products and Classes

The screenshot shows the product activation interface. At the top, there is a search bar with 'Collections' entered and a 'Search' button. Below this is the '2. Available Products' section, which includes a table of products. A callout 'Step 1' points to the 'Select All Products' checkbox. The table lists several products, all of which are checked. Below the table is the '3. Optionally Choose Your Classes' section, which includes a list of classes. A callout 'Step 2' points to the 'Demo Teacher 4' checkbox. A 'Did You Know?' callout points to a plus sign in the 'Activated Products' section. At the bottom right, there are 'Activate' and 'Reset' buttons. A callout 'Step 3' points to the 'Activate' button. A 'Note' callout is located at the bottom right of the page.

You can also refine your search by product name or ISBN.
