

TRACE A CALL FROM PHONE MODEL CP-7821

In the event that you receive a threatening phone call, you'll want documentation of the callers phone number. To create a record of the number follow the steps below.

- While you are on the phone with the person who called in with the bomb threat, press the button below the three dots.

- On the next screen press the button below MCID.

- Tod Stokes (Technology) will receive notification of the traced number and he will contact you.
