Firefox - Clear Browser Cache and Cookies

May 13, 2022 - Revised

Step 1:

Open Firefox. Click the application menu icon in the upper right hand corner. Click Settings from the menu.

Step 2:

Click the "Privacy & Security" button as shown below.

Step 3:

Scroll down to the section "Cookies and Site Data" as shown below. Be sure that "Delete cookies and site data when Firefox is closed" is checked. Click the "Clear Data" button.

Step 4:

Place a check to the left of "Cookies and Site Data" and Cached Web Content. Click the Clear button.

Step 5:

Click the "Clear Now" button.
