## Overview

The Campus Parent Portal is designed specifically for parents and is optimized for use on mobile devices and tablets. Student have their own portal, but can only see their information not other students. The parent portal should shows all the students in the household that the parent has rights for.

This document is to provide information about the content you can get from the Parent Portal.

## Main Menu and Navigation

In the Campus Parent Portal, navigate between tools in the menu on the left. On mobile devices, this menu shrinks to a "hamburger" or "three bars" icon to save space.

Click the user icon in the top right to view Notification Settings

If a tool is specific to a single student, such as Grades or Schedule, a student dropdown list displays in the top right corner. This dropdown list does not display for tools that are not student specific like Announcements.

## Message Center

The Message Center includes announcements that are posted at a school or district level. Click *Show More* to display additional text for longer announcements. Announcements display based on the timeline set by the creator and cannot be deleted or archived.

Additionally, the Inbox displays messages sent to the parent, including those from teachers.
